

## Notes From Your Roadrunners

### Price Increase Announcements

---

Manufacturers all have announced price increases that will go into effect the first of February. Most plants took a shutdown in December which allowed their inventory to deplete. Combined with rising transportation and material costs, the industry has had to adjust accordingly. Unfortunately, this must be passed along. We expect the allocation on shingles to continue through mid-year and possibly further if the markets are hit by additional storms in 2022.

## Monthly Mystery Gift

Join in to win our monthly Mystery Gift! Each month we will have a random drawing for an opportunity to give back to our customers. To enter the drawing, please submit before and after pictures and the physical address of the job to [order@roadrunnerroofingsupply.com](mailto:order@roadrunnerroofingsupply.com). There is *No Limit* to the number of entries and all pictures will be posted in our office upon receipt for you to see. We plan to compile these for future reference to the particular manufacturers profile and color. Let your sales team enter as many times as they like. One mystery Gift will be awarded each month in 2022 from the drawing and each month will be a different gift.

### January Winner

#### ***KRAFT COMMERCIAL ROOFING & CONSTRUCTION***

Before

After

Congratulations to the entire team at KRAFT Commercial! This is an amazing Castagra application they installed this week, and it looks fantastic. With 14 AC units in place on this Dallas area school, it was necessary to install this coating system without disrupting the building operations. Castagra Ecodor was a perfect choice for this team to apply a Cost effective, Impact Resistant, & Eco-Friendly System.

## More Intake vents

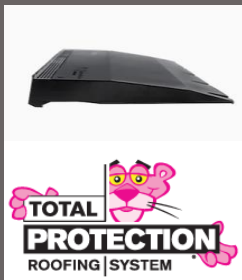

to Ensure *Proper* Ventilation.

Lomanco DeckAir® Vent

GAF Cobra IntakePro®

Owens Corning  
VentSure® InFlow®

## Intake Is Important!

**Remember those 3 I's!**

Most Homes that are over 15 years old probably do not have proper roof intake. Over the years, vents tend to be painted over, filled with dust, or covered by added Insulation in the attic.

Adding proper intake is essential for ensuring adequate roof ventilation.

Don't get caught in a warranty battle with a manufacturer if the ventilation system is not working due to blocked or missing Intake!

We have the solution in stock to correct this Problem

**Quarrix.**

**OffRidge**

INTAKE & EXHAUST VENT

“OffRidge Intake and Exhaust vent delivers the best on-deck and off-ridge ventilation with a sleek design for a clean, neat architecture.”

## Upcoming Events

*who's on your roof?*
