Job!

ATLAS Celebrates 40 years!

Atlas Roofing former president Ron Fredin, left, Hood Industries Inc. President Warren Hood and Atlas Roofing President Kenneth Farrish, right, present a check to Meridian resident Belinda Harvey, second from right, in recognition of her graphic design work in 1982.

**INDEPENDENT DISTRIBUTOR
ALLIANCE CORPORATION**

— FOUNDING MEMBER —

Roadrunner is proud to announce that we are one of the Founding Members for IDAC.

This group started in 1986, as American Wholesale. They joined BSC this year to form the Independent Distribution Alliance Corporation. We are 32 members strong with 1050 international locations and annual sales in excess of \$9 Billion!

A Bit of History

(Excerpt from an [article](#) published by The Meridian Star.)

“Atlas Roofing employees and friends celebrated 40 years in business Thursday at the company’s Meridian headquarters by giving back to the local woman who designed the company’s first logo.

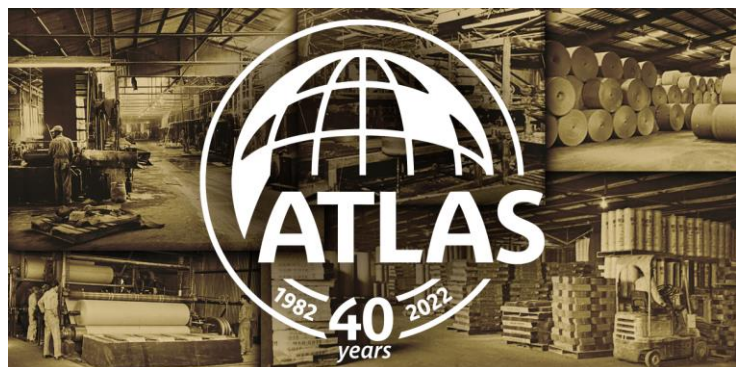

Jeff Key, the company’s director of marketing, said the history of how the asphalt shingle manufacturer got its logo had been forgotten until recently, when an employee found an old press release explaining its history.

“A lady named Belinda Harvey had designed our original logo,” he said....Harvey, who was originally awarded a \$200 savings bond for winning the Atlas Roofing logo design contest in 1982, was still living in the same home in Meridian.

Atlas Marketing and Communication Manager Laura Carlson said a companywide email was sent out encouraging Atlas employees to donate to recognize Harvey for her work 40 years ago. Atlas leadership also agreed to have the company match employees’ giving by 150%.

In addition, Carlson said Atlas was partnering with a local contractor to put a new roof on Harvey’s house in recognition for her service to the company.”

Congratulations to ATLAS Roofing and Belinda Harvey!

OC has announced their Duration Storm line as it integrates their Weatherguard into the Duration series.

“Unlike standard shingles, TruDefinition® Duration STORM® impact-resistant shingles feature patented WeatherGuard® Technology. The integrated polymeric backing material of the WeatherGuard® Technology allows Duration STORM® shingles to meet one of the industry's highest ratings for impact resistance, UL 2218, Class 4. In some areas, homeowners may qualify for insurance premium discounts - check with your insurance company. These shingles also feature SureNail® Technology for high-performance durability and outstanding gripping power.”

Call for More details!
